

Junior Service Engineer Diesel Engines/Turbochargers

DETURBO company was established in 2017 in Hamburg, Germany and since 2019 has extended its presence in Piraeus, Greece. DETURBO offers overhauling and repair services for all Diesel Engines & Turbocharger types and reconditioning of engine and turbocharger parts.

DETURBO is looking for a capable Mechanical Engineer to join our team and contribute to our machining workshop.

Job Tasks:

- Working together with inspiring service engineers assisting on maintenance jobs or repairs inside the workshop or in-situ. Apart from carrying out your maintenance and support duties, you will play an important part in company's various projects and tasks.
- Assist in preparation of equipment and tools that are needed before service attendances.
- Familiarise with the Health, Safety & Environment (HSE) practices and make every effort to eliminate unsafe practices and report any incidents. Able to work according to the safety rules.

Requirements:

- A degree in engineering is preferred but is not a prerequisite.
- Communicate, read, and write in English language.
- Willingness to learn and grow.
- Available to travel at short notice.
- Self-motivated.
- Basic PC use knowledge
- Team player with good communication skills.

What we offer

- Attractive remuneration package and benefits.
- Continuous training opportunities.
- Pleasant and friendly teamwork environment.
- Work in a challenging and fast-evolving company.

Additional information:

All qualified applicants will receive consideration for employment without regard to their race, creed, colour, ancestry, religion, sex, national origin, citizen status, age, sexual orientation, gender identity, disability, marital status, or family medical leave status.
